AffiliationQuebec Leader, Allen Nutik blasted the Charest Liberals for their cavalier and condescending attitude in respect to providing textbooks in a timely manner for students enrolled in Quebec's English language school system.

"It is no way to treat a valued minority." says Nutik, "Some of us just may remember come next election time that AffiliationQuebec is an "official political party" waiting to present candidates in primarily federalist ridings where performance by Liberal MNA's has been less than stellar."

AffiliationQuebec noted that if the publisher securing the textbook contract does not find the English portion of the contract to be viable, then the Government is obligated to search out a more accommodating supplier.

"If they can translate the Bouchard-Taylor report," says Nutik, "Then they can translate Quebec's English language curriculum."

Allen Nutik is leader of AffiliationQuebec, a newly formed, Quebec political party formed to actively pursue the full rights and interests of staunch Canadians living in the Province of Quebec.
